

Anthony Ellis

Mount Vernon, NY 10550 • (917) 972-5260

amellis245@gmail.com

Education:

Spring/2020

University at Albany, State University of New York

B.S: Physics, Minor: Mathematics

Winter/2021

Columbia University, New York

Coding Certification in Full Stack Web Development

Experience:

The Bauman Group inc - New York, NY

09/2020 - 11/2020

Computer Software Trainer

- Acting as tech support agent I traveled to numerous supermarkets in the tri-state area and taught management how to effectively use new company software in order to raise store efficiency

University at Albany - Albany, NY

Physics Tutor

08/2018 - 05/2020

- Serving as a tutor for the EOP (Equal Opportunity) program my main role was to help students better understand the material they were being taught in their lectures as well as work with the students to acquire new study skills and habits vital to achieving academic success.

Extracurricular Activities:

Research (Szydagis Lab)

Winter 2018-2020

- Redesigning old technology, at the Szydagis lab I focused on developing a water based bubble chamber that acted as a neutron detector which can be applicable in areas such as detection in the search for dark matter or homeland security.

JAMSA (Jamaican Student Association)

Spring 2017-2020

- Promote academic success which includes raising funds to help rebuild schools in Jamaica as well as to upgrade classrooms with modern day technological advances

Executive board position(s):
